Presentation

Dear Colleagues and Friends,
It is a great honour to invite you to the Microsurgery Course on Vascular Anastomoses. We are proud to announce a practical microsurgical course for neurosurgeons, vascular surgeons, plastic surgeons, maxillofacial surgeons and residents, that will be held in our labs under the direction of Mrs *Rosmarie Frick*, the worldwide known teacher of the legendary "Zurich Microsurgery Course".

The number of participants will be expressly limited, in order to allow each trainee to have its own lab station equipped with microsurgical instruments and microscope. During four full days of training, the participants will be able to familiarize themselves with the microinstruments and learn the key-points of micro-dissection, micro-suturing and vascular anastomosis. With different exercises, on plastic tubes and *in vivo*, the participants will be able to do their first vascular anastomosis, taking the first step towards the fascinating world of vascular neurosurgery.

We are looking forward to welcoming you in Pavia for our course.

The Scientific Committee

Faculty

F. Acerbi, IRCCS Istituto Neurologico Carlo Besta - Milano

D. Boeris, Ospedale Niguarda Cà Granda - Milano

C. Bortolotti, IRCCS Istituto delle Scienze Neurologiche di Bologna, Ospedale Bellaria - Bologna

M. Cenzato, Ospedale Niguarda Cà Granda - Milano

M. Del Maestro, IRCCS Fondazione Policlinico San Matteo - Pavia

A. Lanterna, Ospedale Papa Giovanni XXIII - Bergamo

S. Luzzi, Università degli Studi di Pavia

G. Pappadà, Policlinico di Monza - Monza

A. Pasqualin, Ospedale Civile Maggiore - Verona

G. Raffa, A.O.U. Policlinico G. Martino - Messina

A. Santoro, Policlinico Umberto I - Roma

F. Zenga, A.O.U. Città della Salute e della Scienza - Torino

C. Zoia, IRCCS Fondazione Policlinico San Matteo - Pavia

Programme

March, 5

08.00-08.30 *Registration of participants and welcome greetings from the representative of the SINch*

08.30-08.45 Demonstration of suture techniques with 6-0 suture

08.45-11.00 **Partecipants:**
Suture technique practice by silicon tubing with 6-0 suture

11.00-11.15 Demonstration end-to-end anastomosis on Silicon tubing

11.15-12.00 **Partecipants:**
End-to-end anastomosis on silicon tubing

12.00-12.30 *Lunch*

12.30-17.00 **Partecipants:**
End-to-end anastomosis on silicon tubing

March, 6

08.30-09.00 Demonstration of end-to-end anastomosis on carotid of rat

09.00-12.00 **Partecipants:**
End-to-end anastomosis on carotid of rat

12.00-12.30 *Lunch*

12.30-17.00 **Partecipants:**
End-to-end anastomosis on carotid of rat

17.00-18.30 Demonstration of end-to-side anastomosis Jugular vein to carotid communis artery of rat

March, 7

08.30-12.00 **Partecipants:**
End-to-side anastomosis, Jugular vein to carotid communis of rat

12.00-12.30 *Lunch*

12.30-17.00 **Partecipants:**
End-to-side anastomosis on carotid of rat

17.00-18.30 Demonstration of side-to-side anastomosis aorta and vena cava

March, 8

08.30-12.00 **Partecipants:**
End-to-side anastomosis, Jugular vein to carotid communis artery of rat

12.00-12.30 *Lunch*

12.30-15.30 **Partecipants:**
End-to-side anastomosis jugular vein to carotid communis artery, or end-to-end anastomosis on carotid of rat

15.30 Overview and Course Closure
